FIRE HYDRANT

Booster Valve Cabinets

Product Overview

Trafalgar is a long established and privately owned Australian company whose name is synonymous with the supply of hazardous chemical storage cabinets. Trafalgar has been making safety cabinets for over 50 years and will continue to do so into the future. We are proud to be fighting hard to keep manufacturing alive in Australia and competing against cheap and inferior imported products. From our manufacturing plant in Sydney's west, Trafalgar **Fire Hydrant Booster Valve Cabinets** are all custom made to suit your specific requirements.

Key Features & Benefits

- Appropriate signage indicating "Fire Hydrant Booster Valve".
- Isocyanate free two-pack epoxy coating inside and out, providing a hardwearing finish. Powder coating option available.
- Manufactured from 1.1mm zincanneal steel.
- Stainless steel option available.
- Piano hinges to ensure long working life of the cabinet.
- Recessed key lock as standard to suit L003. Other lock options available.
